Illness Cleanup Policy

These directions should be used to respond to any vomit or diarrheal incidents

CLEANUP

- * Remove Vomit or Diarrhea right away
- * Wear protective clothing (i.e. disposable gloves, and/or apron/mask)
- * Wipe up with paper towels - discard materials in a plastic trash bag or bio hazard container
- * Use soapy water to wash all surfaces in contact with vomit or diarrhea, & any highly touched surfaces within the vicinity
- * Rinse thoroughly with water and wipe dry with paper towels

Sanitizing & Disinfection

- * Prepare a chlorine bleach solution: 3/4 cup concentrated chlorine bleach to 1 gallon of water
- if using regular strength bleach, (5.25% concentration) increase to 1 cup to 1 gallon of water
- * Leave surfaces wet for 5 minutes
- * Rinse all surfaces intended for food and mouth contact with water before use
- * Wash your hands with soap and water

*** REMEMBER: HAND SANITIZERS ALONE MAY NOT BE EFFECTIVE AGAINST NOROVIRUS**

Temporary Food Establishment Requirements and Guidelines

General

1. No person shall own or operate a food establishment without a valid VDH food permit.
2. Post permit where it can be easily seen by the public. Permits are not transferrable.
3. A method to properly wash hands on site is required –hand sanitizer is not a substitute.
4. Sick food handlers are prohibited to work with food. Implement health reporting policy (page 3).
5. A Person-In-Charge must be on site all hours of operation and must be knowledgeable of Food Safety.
6. Certified Food Safety Manager (CFPM) required, exceptions:
 - CFPM not required if you serve only non-temperature control for safety food
 - CFPM not required if Food handling does not exceed: (1) reheating, (2) cold holding, or (3) hot holding of commercially processed and packaged ready- to- eat foods.
 - CFPM not required for 501 (c)(3) – provide information

Food

1. No Home Prepared Foods. Food must come from an approved source. Obtained from VDH permitted or VDACS approved facility.
2. All food must be prepared on site the day of the event –Exception –from VDH permitted facility.
3. Water must come from approved source. Bottled, public or private well-test required. Provide NSF Approved food grade hose with back flow preventer, if applicable.
4. No Bare Hand Contact with ready-to-eat food. Wear gloves, use tongs, foil, deli paper, etc.
5. Food Must Not be Stored on Ground/Floor and Must be Stored Beneath Overhead Cover.
6. Food on display shall be wrapped or have sneeze shielding to protect from patron contamination.
7. Food shall not be stored in garbage bags, grocery bags or by reusing single-use containers. Use food grade containers labeled with common name.
8. Raw meat products are to be stored separately from other foods to prevent cross contamination.
9. Self-serve condiments are to be individual packets, squeeze or pump bottles. Open bowls are prohibited.
10. Prevent cooking and food preparation areas from public access with effective barrier methods.
11. Provide a food thermometer. Sanitize prior to each use.
12. Equipment for maintaining safe food temperatures must be sufficient in number and capacity. Provide enough Coolers/Hot Box/Grills, etc. for the quantity of food.
13. **Food temperatures must be maintained for safety.**

Cold Hold Foods maintain at 41°F or below	Hot Hold Foods maintain at 135°F or above
Cook Poultry 165°F; Beef burgers 155°F; Pork /Fish /Eggs 145°F	Reheat Foods within 2 hours to 165°F

14. Food in transport requiring temperature control shall be maintained at required temperatures.
15. Single service items (knives, forks, spoons, cups, plates, etc.) stored inverted, food contact side down or individually wrapped.
16. Food contact items and equipment such as coolers, large drink containers, cutting boards shall be cleaned and properly sanitized.
17. All equipment shall be clean to sight and touch.

Ice

1. Ice must be from an approved source.
2. Ice for human consumption is to be kept in its original packaging and stored in clean and properly sanitized self- draining container with tight fitting lids.
3. Dispense ice, using scoop with handle, store in ice with handle above ice.
4. Wrapped foods are not to be stored in direct contact with ice.
5. Wastewater drained onto the ground or storm drain is prohibited.

Hand Washing, Cleaning & Sanitizing

1. Provide approved water- bottled, public, or private well (test required for Total Coliform & Nitrates).
2. If connecting to water source, provide food grade hose with back flow preventer.
3. Food handlers shall wash hands prior to working with food, prior to putting on gloves and when changing tasks.
4. Hand Wash Station equipped with sufficient supply of water, Water Container with free flow spigot, Pump Hand Soap, Paper Towels, Catch Bucket large enough to collect wastewater, trash receptacle.
5. Wash, Rinse and Sanitize all food contact items prior to use and at least every 4 hours of continuous use.
6. 3 Basin Sink Set Up equipped with Sufficient supply of water, 3 Clean Containers in sufficient size with lids, Dish Soap, Sanitizer and Appropriate Test Strips to measure Chlorine or Quat Sanitizer Concentrations.
7. Approved Sanitizers include:
 - Chlorine (regular household bleach) at 50-100 ppm; and Quaternary Ammonium at 200 ppm.
8. Wiping cloths stored in sanitizer bucket.
9. Chemicals are stored away from food and food contact items. Chemicals clearly labeled.

Food Handlers

1. Wash hands before handling food, putting on gloves, changing tasks, and as often as necessary.
2. Clothing is clean, hair is pulled back, hair restraint provided, gloves provided.
3. Do not handle food when sick.
4. No eating or smoking near food. Drinks are approved with proper lid and straw.

Physical Facilities

1. Provide tent, roof or canopy for overhead protection.
2. Trash is to be disposed of properly during and after event.
3. Wastewater from handwashing, equipment washing, and drained ice water are to be collected and disposed of in a sanitary manner and not dumped onto ground or into storm drain. Animals should be prohibited within 50 feet of the food booth. Food handlers are not to handle animals.
